

MARIST

Welcome to Employment Practicum CRDV 100! I am excited to work with you this summer. In addition to teaching Employment Practicum at Marist I am the Director of the Albany Summer Internship Program, teach political science courses and work as a Career Coach in the Center for Career Services.

A little about the course. This is an eight-week asynchronous course that is taught online through Brightspace. You may review lessons and work on assignments at any time. There is no textbook. All of the instructional and assignment information is available on Brightspace. This course is pass/fail so your final grade will be recorded as credit or no credit. You will need to submit all of your assignments to the Brightspace system on the designated due dates. I will communicate with you by posting Announcements on Brightspace so please monitor your Marist email and Brightspace messages.

Please review the course syllabus posted on Brightspace which outlines the course material. By the end of this course, you will be a highly skilled job and internship applicant with a strong career portfolio. We will begin the course on Monday, June 3 and the course concludes on Friday, July 26.

Please let me know if you have any questions, comments, or concerns.
